Ofsted Report verdict: Overall Effectiveness of the School - Outstanding

Dear Parents,

I enclose a link to the Greenfield Lower School Church Inspection report which the school is required to distribute to all parents along with our recent Ofsted Report. I would be grateful if you could reply confirming receipt and indicate you have all read and understood both reports.

Only 13% of primary schools in the country receive an 'Outstanding' Ofsted rating. It is also rare for such a school to receive so many 'outstanding' judgements for each of the areas measured by the inspector.

I would like you to join me in congratulating Annette and her team for this achievement and to thank them for the excellent quality of education which they provide to the children.

We should also not forget that it is difficult to ensure high standards are maintained let alone improve on them. Clearly the use of effective strategies such as the values education programme, commitment from the staff, parents and children have all helped to make Greenfield the school that it is. We continue to have a team of staff which are second to none and are working at the cutting edge of their profession and I'm sure that they are even now planning ways of making things even better for the benefit of your children.

In addition to thanking the staff I would like to point out that the school would not be what it is without the support from the community and most importantly the parents and children.

I hope the reports meet with your approval!

Mr Mark Britton
Chair of Governors
