Dear Parent/Guardian

Bedfordshire Police are beginning to receive complaints about the parking outside the school premises during the morning drops and afternoon pick-ups.

Pulloxhill Road is extremely busy and has added dangers now by parents/guardians parking across the school zig-zag areas. These are marked on the roadway as an indication for those particular areas to remain clear for children's safety, when entering the school premises, and giving access to emergency vehicles.

The Safer Neighbourhood Policing Team responsible for the village will be patrolling during the coming weeks and checking for any inconsiderate parking.

Finally could I ask you all to consider the immediate neighbours and refrain from parking across their respective driveways.

Thank you for your co-operation in this matter.

Malcolm Soper 4211
