After- School Circus Skill Course

Dear Parents of Years 1 – 4 children

This is just a little information about me and the course. I have been teaching circus skill courses for the last 14 years in schools and at youth groups around the country. You will be reassured to know that I am fully CRB checked and that I have never had a claim on my £10 million Public Liability Insurance.

The course offers the children a chance to improve hand-eye co-ordination and balance skills in a fun way. It is approved by the Healthy Schools Project.

- Week 1 – Scarf Juggling, Diablo, Plate Spinning, Peacock Feather Balance
- Week 2 – Devil Stick, Poi, More juggling
- Week 3 – Hand Stilts, Tightrope, Pedal Racers
- Week 4 – Peg Stilts, Walking Globe
- Week 5 - Further practice, organising show, skill assessment
- Week 6 – Show: Practice session, show for parents, certificate presentation

The course may be altered slightly based on the skills of the children.

There is a limit of 30 children on the course. There is a minimum of 15 if this is not reached cheques will be ripped up. This course will happen on Weds 21st April to 26th May and will run for 1 hour. 3.30pm – 4.30pm

For more detailed information about myself and my company, please check the website.

Kind regards,

Nigel Roder

I would like my son/daughter to take part in this course.

Child's Name _____

Class _____

I include cheque (payable to N. Roder) for £22
